To the extent necessary, please consider this report an amendment to the report filed on November 3, 2008 with respect to the Phase II implementation status in Kimble County.

the FCC's Rules. Five Star expects Phase II service to be available to other requesting PSAPs served by Five Star within 6 months following the receipt of a valid request for service as required by Section 20.18(g)(2) of the Commission's rules.⁴
